

**Product introduction:**

RJ45 standard network interface, easy access to various types of wireless router. Automatic construction of ZigBee network, connecting more intelligent equipment. Long distance to send and receive signal. Local and remote control intelligent equipments. Low power consumption, low radiation, more energy-saving and environmentally-friendly.

ZigBee Technology	
Easy and Fast Connection	
Model No.	KSH-GW10
Power Supply	5V
Max.load Curret	200mA
Wireless Type	2.4G 802.15.4
Control Direction	360°
Operating Humidity	≤ 80%RH
Operating Temperature	-40°C ~+85°C

**Easy** Easily install

**100% SECURED** Security

**Energy saving**

**A** Auto search signal

**B** It can always keep online even you are moving

**SMART GATEWAY V2.0**

**Product introduction:**

HomeBond private protocol and can be extended to support Zigbee HA, Bluetooth, ZWAVE, WiFi and 6Lowpan. ZigBee Transmission Distance: Outdoor 200 meters above / Indoor 100 meters above. WIFI: 802.11 b/g/n. 4. Power Adapter: 5V 1A Micro USB interface. LAN: 10/100M adaptive. 6. USB HOST: USB HOST×2, external communication module. LED Indication: Local control, remote control state LED, WIFI connect with LED.

ZigBee Technology	
Easy and Fast Connection	
Model No.	KSH-GW20
Operating Voltage	5V
Operating Current	500MA/1W
Operating Frequency	2.4GMhz
Communication Protocol	ZigBee
WIFI	802.11 b/g/n
Operating Temperature	0~70°C
Humidity	10%~95%

Bluetooth

ZWAVE

WiFi

6LOWPAN

Can be extended to several networking standards and equipments

Support the intelligent node configuration and the devices execute automatically

Insert the standard voice box and can be extended to the intelligent voice box center

Support remote voice control and recognize the instruction

**SMART LED BULB**

Model No.	KSH-BRGB
Longevity	15 years
Operating voltage	85~250V , 50/60HZ
Base interface	E27
Power	6W
Color temp (K)	2800-6500K
Color	16 million colors

**Mobile App Remote Control**  
Turn on or off or adjust the brightness or color of the light through mobile phone anytime when internet available

**16 millions colors for your choice**  
set the mood by setting your lighting, also you can adjust the color via "shaking" mobile phone, very fantastic

**Security and Anti-theft lighting**  
Remote control on and off the bulb helps you set a condition which seems like someone is at home , so ensure your home security

**Night light for sleep pattern**  
With soft lamplight, lighting conditions can also sleep well.

**Notification Alert**  
The sound of ringtone, short message and notification push is too noisy, so switch to silent mode. Smart bulb will remind you through lighting change, you will not miss important message

QR codes for App Store and Google Play

**SMART REMOTE CONTROLLER**

Model No.	KSH-SRC
Operating Voltage	DC 5V
Wireless Type	2.4G 802.15.4
Operating Humidity	≤ 80%RH
Operating Temperature	-20°C ~ +60°C
Surface material	Professional infrared penetrable material

**Mobile App Control**  
Control your household appliances through your mobile phone from anywhere with a network connection, make your home more smarter .

Allow you remote control the appliances, like the Air-condition, TV, DVD and so on, in all directions and has a strong penetrating power.

Replace the controller of all the appliances.

**SMART SOCKET**

**Mobile App Control**  
Turn your appliances on/off through your smart phone from anywhere with a network connection.

**Timing Function**  
Help you to control the appliance more convenient. If you forget to turn on/off the devices, timing function will help you.

Model No.	KSH-SS
Operating Voltage	AC 85V-265V 50/60Hz
Max.load Power	10A
Operating Temperature	-20°C ~ +60°C
Operating Humidity	≤ 80%RH
Socket Type	EU/AU/UK plugs(optional)
Material	E0 flameresistant material
Security	Children protective baffle
Wireless Type	2.4G 802.15.4

**Energy-saving**  
Turn off the appliances that you do not need so as to save the energy and enjoy the environmentally friendly life.

**SMART LED STRIP**

Model No.	KSH-SLS
Length	5m
Color	16 million colors for option
Voltage	12V
Power	0.24W chip
Lights	60/m
Brightness	12~16LM
Baseboard	white color, 10mm for width
Craft	Glue waterproof
Waterproof level	IP65

**Double pure copper FCB circuit board**  
Using the double pure copper FCB flexible circuit board, with good electrical and thermal conductivity, ensure that the Smart LED Strip with a very long service life .

**Good Welding Technique**  
Manual welding can improve circuit board firmness and conductivity, reduce false welding and welding leakage. It has laid a solid foundation for the efficient use of the products .

**Humanized Cutting**  
When do not need to use the entire volume Smart LED Strip, can cut the length that you need, it can avoid or reduce waste .

**Low Voltage**  
12V voltage, use safety .

**16 million colors for option**  
Color changeable, light adjustable, can control the color change, can choose the color and RGB effect you want .
